Labor's GKI pledge is the only funding locked in

The Palaszczuk Government is the only government that has backed Great Keppel Island with real money, the Member for Keppel and Assistant Education Minister Brittany Lauga said today.

“Our fully-funded \$25 million is locked in.

“Development of GKI is dear to my heart and I have worked tirelessly since becoming your MP with various developers and investors to make our dream a reality.

“This includes working with Altum to finalise the details of a potential deal.

“We will continue to work closely with Altum and remain focused on facilitating a future resort on GKI in a way that promises real benefits to our community.

“Unfortunately what we've seen from the LNP, One Nation and others is a preference to play petty politics rather than focus on delivering real outcomes like I am.

“The only way One Nation can possibly pay for its so-called commitment is by being part of a Frankenstein coalition government with LNP and Clive Palmer.

“

And we know from bitter experience that the only way this Frankenstein government could pay for commitments is by cutting health and other services, sacking health and education workers and selling off Queensland's assets.

“Only Labor has a plan for economic recovery, and only Labor has real money locked in for Great Keppel Island,” said Ms Lauga.
